Date: January 9, 2007

## Product Discontinuation Announcement

Dear Valued Lantronix Customer,

The purpose of this communication is to inform you that Lantronix is discontinuing our SecureLinx™ SLK family of products.

The deadline for placing final non-cancelable, non-returnable purchase orders is **March 31, 2008\***, and shipments must be scheduled no later than **June 30, 2008\***, with **\*availability subject to supplies on hand**.

The last day of support for these products is **June 30, 2010**.

### Discontinued Part Numbers

Part No.	Description
SLK00112N-01	SecureLinx 1 Port Remote KVM/IP
SLK00812N-01	SecureLinx 8 Port Remote KVM/IP
SLK01612N-01	SecureLinx 16 Port Remote KVM/IP

The replacements for the SLK family are the new SecureLinx Spider™ products, the next generation KVM over IP. Unlike traditional KVM switches on the market, Spider offers a flexible, scalable and affordable CAT5-based remote access KVM solution in a cable friendly, compact "zero-footprint" package. Spider part numbers are listed in the table on page 2 of this notice.

### SecureLinx Spider's Benefits:

- Full non-blocked access providing one of the lowest "cost-per-remote-user" server management solutions available
- Secure, full BIOS-level control of servers over an IP network
- Clean, flexible CAT5 KVM solution with virtually no cable length restrictions
- Completely integrated IP-based KVM switch in a "Zero U" form factor
- Cost-effective and easy "add-as-you-grow" scalability by daisy-chaining multiple units
- Compact server-powered design – no external power supply required
- Virtual Media support
- Browser-based – no client software required
- Each unit supports up to 8 simultaneous users
- Remote Authentication support, including LDAP, RADIUS, and Active Directory
